

Y2 and Y6

Engage and Accelerate

Join Helen Ackrill and Leann Lynch as they provide year 6 and year 2 teachers with some practical teaching approaches and resources to support high levels of pupil engagement and accelerated progress.

Designed to respond to the groups specific needs and to close down the potential gaps created by spring/summer school closures, these sessions will enable teachers to work collaboratively and alongside experts to overcome the challenges in planning and teaching for this time.

Starting with a conference call in the Autumn term followed by three face to face sessions. See the reverse for more detail on the four sessions, including dates.

Sessions are available at the Keystone and Equate training rooms in both Bourne and Lincoln

Session 1-3 will run from 1.15-4.15pm
Arrival from 1pm

Cost £225 for all 4 sessions

Four stages:

1. Forum and feedback: All attendees will be invited to take part in a short conference call, led by Helen or Leann, in October to share Autumn 1 experiences and identify needs for the Autumn 2 session.
2. Session 1: In response to the needs identified in the conference call and other sources of research and information, Helen and Leann will provide a face to face session where colleagues can share their own learning about closing the gap and be provided with some engaging teaching ideas and resources for accelerating progress.
3. Session 2: Intervention workshops: Helen and Leann will guide you through a workshop designed to build in effective in-class interventions for pupils who are failing to make expected progress. Teachers will be encouraged to bring pupil outcomes and work together to create a plan of intervention for specific pupils.
4. Session 3: In response to the needs identified in the previous session and other sources of research and information, Helen and Leann will provide a face to face session where colleagues can share their own learning about closing the gap and be provided with some engaging teaching ideas and resources for accelerating progress.
