

Farm Day with Linking Environment and Farming (LEAF)

Aimed at those wanting to feel confident about planning and carrying out effective trips and visits. The day will be spent on Moor Farm in Newborough and led by Bobby Harvey from LEAF (Linking Environment and Farming).

The day will focus upon the following areas:

- Completing effective risk assessments
- How to plan an effective educational visit
- Getting the most from an educational visit
- How to use an educational visit to inspire future learning

Please bring your own lunch and make sure to dress very warmly. Waterproof coats and Wellingtons are a good idea!
