ECT, Legacy NQT and RQT Enhanced Primary Training Programme 2021-2022

From September 2021, schools have to statutorily offer CPD for their Early Careers Teachers (ECTs) using the Early Careers Framework (ECF). This can be delivered by a national provider (LEAD TS Hub have chosen to partner with EDT) or you may choose to create your own package, using the ECF materials. Keystone's training package is designed to compliment the Early Careers Framework and is suitable for 'Legacy NQTs', RQTs and new ECTs.
